I. Review and approval of the minutes of September 28, 2011

- Discussed our goals and expectations for the year. We wanted an increased interaction between the Student Center Board and the Student Center employees, so Stacey suggested that we invite the board members to the employee meetings.
- Artin motioned to approve the previous minutes, and Konstantinos seconds.

II. Old Business

- We had discussed doing a Lib Dub. We are joining with ASUCI-Student Services and split costs 50/50. We hope to shoot this in January, after homecoming.
- Outreach events—we were given dance groups and a petting zoo that are interested in coming in. If you have more potential ideas to bring up, please contact Bill or Stacey.
- Additional Bike Racks—we want to add bike racks to the West Courtyard Lounge, and other additional un-utilized areas.
- Global Village
  - Used to be the former Terrace Lounge and renovated into the Global Village.
  - We are going to expand the theme of the global village and joining forces with Patricia Lee, who is involved with studying abroad. Right now we are still trying to solicit ideas that would create a sense of international diversity. If you come up with ideas, please bring it forward to subcommittee meetings.

III. New Business

- Genevieve motioned to begin our closed session, and Artin seconds.
- Alternates for the board
  - We still need fill-ins for the board, since we have a member who has class during meeting times for this quarter. We are currently looking for one alternate for the time being.
- Lip Dub
We have a song created and it will be “You make my dreams come true” and ASUCI wanted it to be a 5 ½ minute song and mash it with “Tonight, Tonight”

We have to cover copyright costs, and we are afraid that if this video does go viral we need to make sure we need to make sure we buy those costs.

ASUCI has also wanted to go to shoot their video throughout the entire school and cover costs for food. The board did not agree with these and we will bring this up to ASUCI at the next meeting

Emily motioned to close closed session, and Genevieve seconds.

- Introduction of the Board
  - Starting next week, Bill will bring in nametags for the board

- Director’s Report
  - Stacey told us that they have moved the trees in the student center so that they don’t retract to the walls
  - The international center is now moved to the G building
  - CARE is now in the G building, on the 3rd floor and have combined with the health center
  - Service in Action is no longer in existence due to severe layoffs and budget cuts
  - The Veterans center is part of DOS and is also in the 3rd floor
  - The visitor center is now turned over to the student center, instead of housing. Therefore, the tours are now handled by admissions instead.
  - The visitor center is adding a business center so that individuals can start making copies. Stacey is open to new ideas to make it seem like more of a business center for students. Stacey brought up the idea of adding an “Apple bar” like area in the business center.
  - The front entry of the student center now has an addition of trees. We have an architect that will renovate the entrance.
  - We revisited the idea that we need to repaint the individual study rooms in the study room
  - If there are any other ideas to improve the Student Center please bring it up to board meetings!

- Alumni Association Report
  - Christine was not able to attend, but did update us through email and told us that on Saturday November 5th there will be a Dinner for 12 Anteaters. The alumni provide students with dinner at their home. Students can go online and share their interests and are paired according to that.

- Client Experience Cards
  - Forms that clients/signers would submit to SCES which would include satisfaction/dissatisfaction with Center services. We can put these up on our website as testimonials. The board approves this idea
• Social Media
  • Student Center right now does not have a twitter or facebook and with the addition to zot zone and renovations we would like to update our students with these additions
  • The board approves this expansion on social media

• Art Auction
  • A lot of art is left over/not picked up from Student Center Art Competitions, there has been requests from Student Affairs for revenue builders so we want to create an Art Auction
  • If any of the board members are interested in the art, you are welcome to take.
  • We will bring this idea up again during sub committee to discuss further ideas on what to do with the abandoned art

• Emily motioned to end open session, Artin seconds

IV. Adjournment
• Meeting adjourned at 5:05pm.
